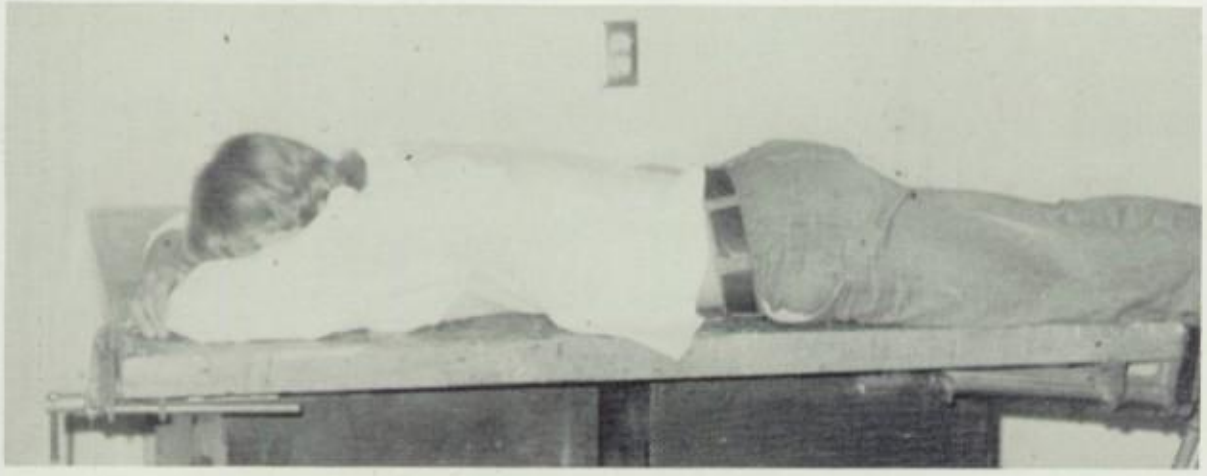
Just ask Debbie.

Except where it should be — in the classrooms.



Where's the action in shop?

But what's Phil doing?

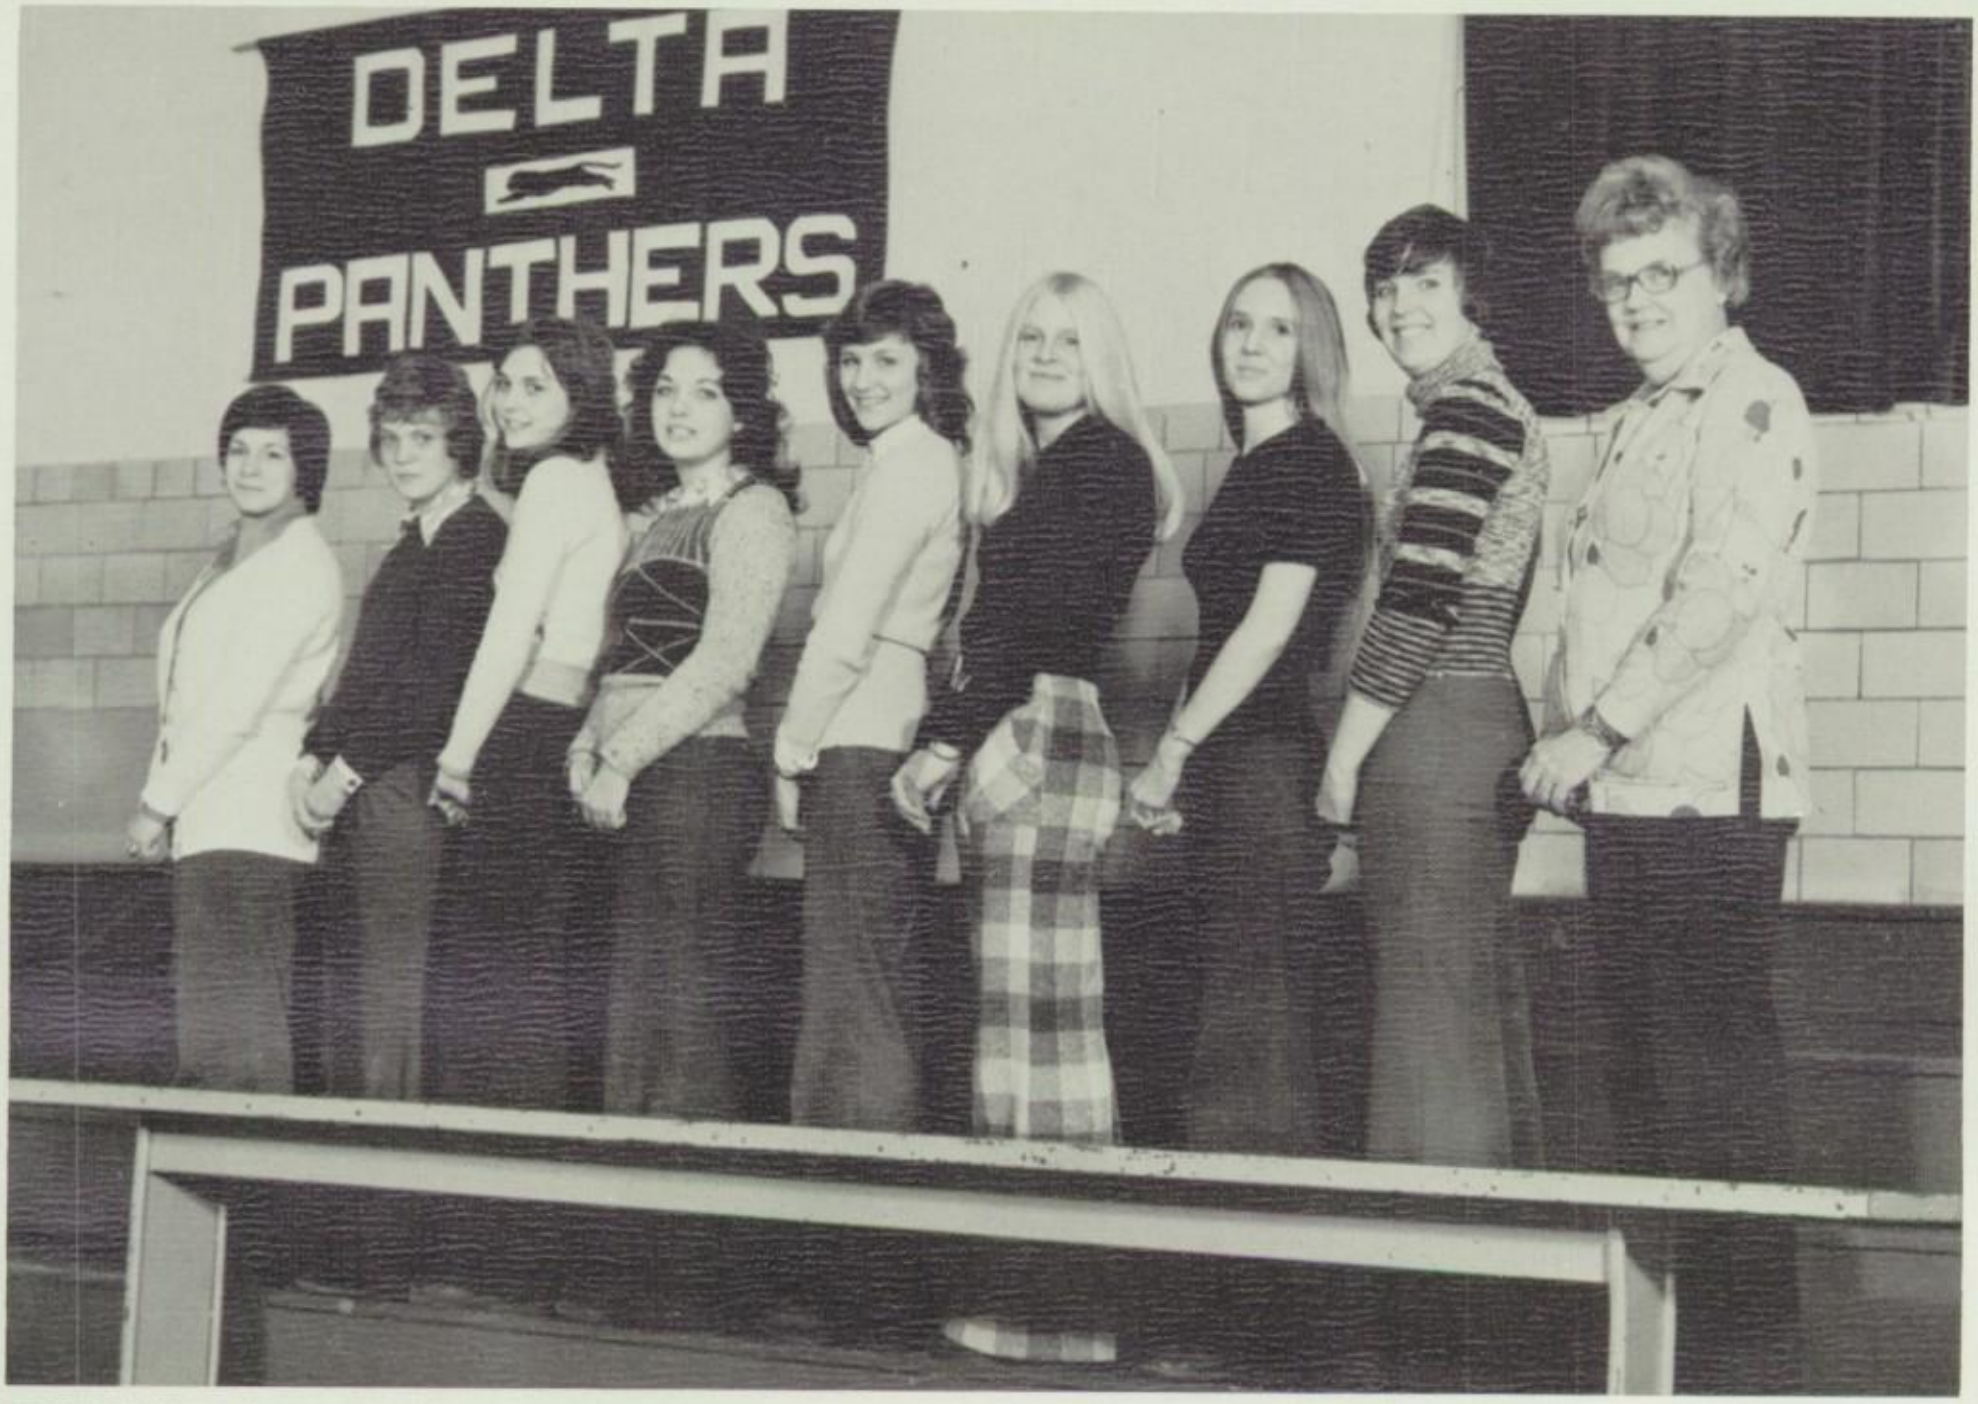
FIRST SEMESTER LIBRARY WORKERS: FROM LEFT TO RIGHT: Mrs. Todd, R. Wilkie, C. Onweller, P. Miller, D. Demaline, J. Bechtel, P. Zolman, Mrs. Gearig.

This year many students have volunteered to help work in the library. They perform such tasks as checking out books, looking up references, and collecting dues. When things get a bit rough, they help in keeping the library a quiet and noise-free place.

These students have worked hard and should receive lots of recognition.

SECOND SEMESTER LIBRARY WORKERS: FROM LEFT TO RIGHT: J. Lyons, P. Miller, C. Onweller, B. Woods, Mrs. Todd, D. Born, S. Biddle, C. Bronson, B. Riley, J. Brown, Mrs. Gearig.



FIRST SEMESTER OFFICE WORKERS: FROM LEFT TO RIGHT: C. Kleck, D. Mull, N. Newman, L. Williams, T. Boulis, A. Watkins, L. McMunn, Mrs. Demaline, Mrs. Keller.

Well, you're late again. Where do you go to get your pass? To the office of course. You just can't pass up the chance to see all the pretty smiling students that are working there. Surely one of them would be glad to write you a pass. Besides writing passes these students also collect absence slips, deliver messages to students and teachers and keep records of the attendance.

These students have worked exceptionally hard and deserve a lot of credit.

Four-County Joint Vocational Schools

4-county opened for another school year and a chance for many more future opportunities in this world. As you will see, many juniors and seniors are preparing for the future. We hope you enjoy your tour.

This water sure tastes good.

MEMORY LANE

I borrow thoughts from yesterday
To keep my memory bright.
The trials, the tears, success and joy
Are thoughts which I invite.

I would not care to lose the past,
For riches there are stored
In wealth of knowledge gained through years,
In spheres which I explored.

Today will move down memory lane
Where only thoughts abide,
For yesterday is but a dream
Kept bright by memory's tide.

Then let my deeds and acts be true,
My love sincere and deep,
That I may bring these treasures back
In thoughts which I would keep.

Senior Class Play

On April 17 and 18, the Senior Class was proud to present the first play in the new gymnasium. The play was a classic comedy entitled, "The Man Who Came To Dinner." Direction was given by Mrs. Kay Rollins.

It started in the home of Mr. and Mrs. Stanly, who live in a small town in Ohio. Their sophisticated guest, Sheridan Whiteside shows up at their home and falls and injures himself. While he is recuperating, many of his strange but prominent friends, as Dr. Metz — the cockroach king, Banjo — a comic movie star, and many more come to visit him. This causes a terrible turmoil for the Stanly's household. Finally on Christmas he is ready to leave. As he is out of the door he again falls and the whole trauma starts all over again.

Members of the cast and crew are as follows: W. Young — Mrs. Stanly, N. Newman — Miss Preen, J. Bruner — Richard Stanly, R. Wilkie — June Stanly, B. McFarland — John, G. Lind — Sarah, C. Crying and laughing at a movie, trying to stick gum in their mouths and having a burning match passed underneath their fingertips were a few exhibitions performed by the Delta students while under hypnosis. This was one of Delta's assemblies which featured Dr. Ross, a successful hypnotist from Chicago, performing here for his third time. One of the big features of this assembly was the great singing team of Sonny and Cher (right), starring Brian Frank and Julie Merrill, doing a number entitled "Happy Birthday."

Greasers at Delta High School! Students went back to the age of rock-n-roll, during this concert, starring Myron and the VanDells. The VanDells, featuring Doug Manley and Stacy Todd (1970 graduates of DHS) specialize in songs of the 50's. Clad in leather jackets, bobby socks, and skin tight jeans, the greasers performed parodies of old songs and imitations of Elvis Presley. Students also came clad in the style of the 50's. Lisa Bernath and Mark Stevens were five-dollar prize winners for being the best greasers. Both young and old alike enjoyed a memorable evening of reliving the past.

Junior-Senior Prom

The 1975 Junior-Senior Prom was the end result of some pretty hard work by the junior class. This was the first year for the prom to be held in new school. With time limited and no past experience to be had the decorations were fantastic. This year's theme was "The Delta Queen." The commons area was decorated to give the effect of an evening aboard a showboat. To further the effect, netting was used to enclose the dance floor and a wooden ramp over the water to the "Boat" was used. The band for the evening was "Orion." The sophomore servers were Dawn Seigneur, Tammy Wilhelm, Jackie Williams, Dawn Bryan, Bret Warncke, Ray Miller, Jeff Kleck and Rich Kigar. The couples were served cake and punch.

Following the formal dance, the scene moved to the Wauseon Star Drive-In, where the couples watched (?) "Neptune Factor." Then the prom took a new twist with square dancing back at the high school. A delicious breakfast was served afterwards for those who were still awake.

They could have danced all night.

Although Delta's basketball team turned in a season with only three wins in nineteen games, there were still a few bright spots during the season. Rick Basich received the team's most valuable player award, while playing half the year with a knee injury. The promotion of sophomore Jim Bauman from the reserve to the varsity team also helped tremendously.

Plenty of talent plus the desire to win, gave the freshmen an undefeated season this year. Their record was 12-0. This included beating three different teams that were also undefeated. The freshmen won their games rather handily, the closest being to Archbold in which Delta won 39-38. With this talent plus a lot of work, they should prove to be very tough in the upcoming years.

Baseball '75

Although Delta's baseball team finished the year with only 7 wins and 14 losses, it is the best they have done in quite awhile. With the team only losing 3 seniors this year, Coach Piv can expect a successful season in 1976.

Jimmy Bauman received the Golden Glove award, Rick Basich got the Most Valuble Player, and best ERA and most RBI. Kenny Geiger had the best batting average and Wayne Harmon received the most improved player award.

During the mid-winter, they began preparing for the Art Show which was held in May. The club spent many hours creating a variety of handcrafted jewelry, candles, ceramics and gifts which were sold at the Art Show. Throughout the year the club always made themselves available for posters and advertising for local events.

The FFA had a year to remember through hard work, determination, and skill, for the FFA got a well-earned gold in parliamentary procedure. In public speaking the chapter received two golds, second and third, and a bronze. Also our tractor trouble-shooting team placed third in our district.

For a community project the FFA junior and senior class constructed a bridge at Wildwood Park, which the chapter won the BOAC award in the district and also at state for Building Our American Community. Also at state level we had a State Farmer, Gerald Snyder.

This was the first year that our FFA had the most members attend the State FFA Convention. We had 31 members, the most from one chapter going to Columbus from this area. At the convention we had a member of our chapter nominated for state FFA secretary, Gerald Snyder.

The FFA is now completing the school year with a project of placing trash cans in Swancreek and Pike Townships. This project is an experimental project and we hope it will work.

Next year we hope to exceed all of the accomplishments that we accomplished this year plus a few more.

D.H.S. Good News Outreach

The D.H.S. Goodnews Outreach is an organization started by several students interested in Biblical research and the accuracy of the BIBLE. One of our main goals is to learn and to be the best we can be from what we learn. No denomination is taught, we simply take the BIBLE literally, and act accordingly. Our faculty advisor is Mr. George Dostal, and our student advisor is Peg Elliott.

The Junior Engineering and Technical Society is a club organized to generate the idea that science can be fun. Meetings consist of movies, field trips, and presentations by members. An excellent presentation was by Pam Fry with a program about symmetry. A spring picnic is being planned which will include a demonstration of model rockets and if the weather holds, a bit of kite flying.
